

Perfect for when you need to:

- Take advantage of faster file transfer speeds
- Backup using Time Machine®

Everything needed to transfer, store and backup files using Thunderbolt™ technology.

Thunderbolt™ technology is a revolutionary interface supporting high-resolution display and high-performance data devices through a single port. At 10 Gbps, Thunderbolt™ technology is up to 20x faster than USB 2.0 and up to 12x faster than FireWire® 800. Transferring high-definition movies and other large files now can take seconds versus minutes when compared with older interface technologies.

Everything needed to use the GoFlex® for Mac ultra-portable drive with Thunderbolt™ enabled devices is included in the box, even the cable. The included GoFlex® for Mac ultra-portable drive can now take full advantage of the blazing-fast Thunderbolt™ connection on your compatible computer. This portable solution allows you to take it with you everywhere you go, as it is completely bus powered, meaning you do not need an external power supply. Connect it to the end of a daisy chain of Thunderbolt™ devices, or directly to the Thunderbolt™ port on your computer.

With the help of Thunderbolt™ technology and compatible peripherals, users can turn their everyday computer into a powerful workstation.

Highlights

- High-performance portable hard drive - no external power supply required
- 10 Gbps interface is up to 20x faster than USB 2.0 and up to 12x faster than FireWire 800®
- Connect it directly to your compatible computer or at the end of a daisy-chain

Retail Packaging Specs

Adapter and drive dimensions: 5.12in L x 3.19in W x 1.09in D (130.0mm x 81.0mm x 27.8mm)
 Weight: 0.55lb (0.25kg)
 Box dimensions: 6.69in L x 5.24in W x 1.81in D (170mm x 133mm x 46mm)
 Box weight: 0.85lb (0.39kg)
 Master carton dimensions: 7.72in L x 7.05in W x 6.02in D (196mm x 179mm x 153mm)
 Master carton weight: 3.77lb (1.71kg)
 Master carton quantity: 4
 Master cartons per pallet: 210
 Pallet dimensions: 43.70in L x 39.40in W x 47.40in D (1,074mm x 980mm x 1,209mm)
 Pallet weight: 830.32lb (377.42kg)
 Pallet layers: 7
